⚠ MANDATORY CERTIFICATION & DOCUMENTATION REQUIREMENTS

Each shipment **must** include the following documents per AS9100D / customer flow-down:

- (a) **Certificate of Conformance (CoC)** — per AS9102 & PO requirements
- (b) **Material Test Certificate (MTC)** — EN 10204 Type 3.1 (mill origin, heat/lot traceability)
- (c) **First Article Inspection Report** — if first production run (AS9102 Rev C)
- (d) **Special Process Certifications** — heat treat, NDT, surface treatment as applicable

Non-compliant documentation will result in shipment rejection and MRB hold.
